

## **JOE ARNSTEIN**

### **MECHANICAL DESIGNER**

Joe Arnstein has a B.S. degree in Earth Systems from Stanford University and an M.S. in Civil and Environmental Engineering from the Sustainable Design and Construction Program at Stanford University. Joe focused on building energy systems and renewable energy integration during his undergraduate education and on sustainable design and construction during his graduate studies.

Mr. Arnstein has worked as a maintenance crew worker at a private K-8 school where he had firsthand experience working with mechanical, plumbing, and lighting systems. He also spent a summer working for Partners by Design, an interior design firm based in Chicago giving him a unique perspective on interdisciplinary design.

At Taylor Engineering, Mr. Arnstein's responsibilities include HVAC systems design, HVAC control systems design, Revit CAD Drafting, load and energy analysis using programs such as Trace and DOE-2, HVAC system evaluation and commissioning.

### **EDUCATION**

B.S. Earth Systems,  
Stanford University, 2014

M.S. Civil and Environmental  
Engineering,  
Stanford University, 2017

### **AFFILIATIONS**

American Society of Heating,  
Refrigeration, and Air-  
Conditioning Engineers

United States Green Building  
Council
